POOLTEST 5

Pooltest 5 Photometer

Regular testing of pool and spa water is essential for effective disinfection and pH control to ensure bather safety and comfort.

The **Palintest Pooltest 5** offers the ideal answer – a multi-parameter instrument which is quick, accurate and reliable at half the price of comparable instruments while still using proven Palintest methods such as DPD and Phenol Red. The first thing the user will notice is how compact the meter is, truly pocket sized.

Using the meter could not be simpler. First select the test parameter you wish to determine using the 'Menu' button. Place the sample tube in the meter and press the 'ON' button. The result is displayed immediately. The meter has automatic blank recognition and zero setting.

The use of innovative micro-power design means that approximately 20,000 readings can be taken before battery replacement will be required. In order to comply with quality procedures, Palintest offer certified Check Standards as an optional extra. The Pooltest 5 Check Standards include both chlorine and pH calibration check standards.

POOLTEST 5 PHOTOMETER – SPECIFICATIONS

INSTRUMENT TYPE:	Single beam colorimeter programmed for direct-reading	
LIGHT SOURCE:	Pulsed LED	
OPERATION:	2 button	
BLANK/ZERO SETTING:	Optionally held in memory or reset for each reading	
INTERNAL CALIBRATION:	Factory set 5 point calibration. Recalibration through internal software	
INSTRUMENT CASE:	Splash proof case with membrane key pad	
RANGE:	Chlorine	0.00 – 5.00mg/L
	Bromine	0.00 – 10.00mg/L
	pH	6.80 – 8.40
	Cyanuric Acid	0 – 100mg/L
	Alkalinity	0 – 500mg/L
TEMP RANGE:	0 to 50°C	
POWER SUPPLY:	2 x 1.5V batteries (included), power management system with auto-switch off	
BATTERY LIFE:	Approx. 20,000 reading	
SIZE:	Pocket-sized – instrument only 173 x 75 x 44mm	

The Pooltest 5 kit includes:

- 20 DPD No 1 Photometer tablets
- 10 DPD No 3 Photometer tablets
- 20 Phenol Red Photometer tablets
- 10 Cyanuric Acid tablets
- 10 Alkaphot tablets
- 2 Photometer test tubes

- Supplied in a hard case
- In a soft belt pouch
- Check Standards

- SP368**
- SP369**
- PT226**
